

Welcome, Jai Prakash

Congratulations on registering as a Qualified Prospect. This guidance note is tailored to your Elite package and the services you opted for. Your assigned counsellor / account manager, Priya Sharma, will lead delivery of the scope below.

PACKAGE · OPTED SERVICES

Elite University Shortlisting · SOP & Essay Drafting · Visa Application Help · Mock Interview Prep

1. Intake & Strategic Alignment

Elite onboarding callout

Elite intake (90 minutes). Priya Sharma will run a deep-dive onboarding covering academic profile, destination fit, budget, timeline, and visa pathway. Because University Shortlisting and SOP & Essay Drafting are in scope, the session ends with a shortlist hypothesis and an essay narrative brief. Visa and interview workstreams are scheduled after the first target list is locked.

2. Admission Processing Pipeline

Responsibilities apply only to services you selected.

Opted service	Account Manager	Candidate / family
University Shortlisting	Build a fit-based shortlist (profile, budget, intake, visa pathway). Present 8–12 targets with rationale.	Confirm preferences, budget ceiling, and must-have / deal-breaker criteria. Approve final list.
SOP & Essay Drafting	Draft and iterate SOP / essays to university prompts. Editorial review before each submission.	Share academic story, achievements, and prompt answers. Review drafts within 3 working days.
Visa Application Help	Prepare document checklist, review evidence pack, and guide filing sequence for the chosen destination.	Collect originals, translations, and financials. Attend biometrics / interview on scheduled dates.
Mock Interview Prep	Run destination-specific mock interviews, feedback notes, and a final dress-rehearsal before the real call.	Complete pre-read, join scheduled mocks, and implement feedback before the university / visa interview.

3. Communication & Tracking

- Portal: milestone status, document requests, and offer tracking live on your student record.
- Notifications: email / in-app alerts when a university responds, a visa step is due, or an interview is booked.
- Interview prep: mock sessions appear on your Appointments calendar; feedback notes are filed against the application.
- Acceptance tracking: offers, deposits, and visa outcomes are logged on Process 4 Applications and related subprocesses.

4. Support Commitment

- Single point of contact for all opted Elite services until landing handoff.
- Weekly progress note in the student portal while any opted service is active.
- Escalation to senior counselling within one business day if an offer or visa milestone slips.
- Interview prep slots booked at least 5 working days before the real interview (when Mock Interview Prep is opted).
- Visa file completeness review before submission (when Visa Application Help is opted).

Prepared for Jai Prakash (SM-1842) after Qualified Prospect registration. Scope is limited to the Elite package and the opted services listed. Additional services require a revised agreement and invoice.
